- **Chalong Temple** - the century's old monastery .It was built in 1837. A recent addition to the temple is a 61.4-meter high chedi containing the Phra Borom Sareerikatat relic, a piece of the Lord Buddha's bones brought over from Sri Lanka. The chedi is a mixture of southern, central and northeastern architectural styles and is the first in this region to house the holy Buddha's relic.
- **Promthep Cape** - is the island's most photographed and perhaps best-known location. Every evening, large tour buses, scooters and private cars sweep through Rawai Beach and up the island's southernmost hill in order to watch the sunset at its peak.
